Dear Friends,

God is doing great work at Alpha Omega Center!

2016 was a tremendous year of growth and blessings, and we were blessed to see many lives saved and changed. Each and every donor was a tremendous part of lives saved and changed. Thank you for being such a vital member of the Alpha Omega Center team.

One client story in particular stands out to me from 2016. We had a young mother come to us stating that she had to have an abortion, she had no other choice.

When we did the ultrasound she found out she was pregnant with not one but TWO babies (pictured below). She began to cry on the ultrasound table saying that she could not abort them, that she would have her babies.

Since that time, she has been attending parenting classes, attending church, and attending the Bible study we offer to our clients. She also brought a pregnant friend to us, and that friend chose life. Choosing life for her precious babies has changed her life forever.

Thank you for your part in her life and many others. You're truly making a difference.

Changing Lives Together,

Sarah M Bowen  
Executive Director
